

## ABOUT US:

UNIQUE SOLUTIONS Consultancy and Training is a specialized Consulting and Training company, focused on helping International and local organizations, academic institutions, private companies, public sector, and in particular parastatals, government departments and municipalities towards World Class Excellence.

With expertise harnessed in our Consulting and Training Practices, UNISO boasts of an integrated capability to help an organization establish relevant and specialized capabilities and comprehend appropriate technology enablement that is a perfect fit for the unique profile of each client. This is complemented by our carefully selected suite of consulting and training programs that enable organisations to develop skilled human resources across these capabilities through Trainings.

Our emphasis on putting our clients first and in building lasting relationships helps us to identify specific needs for specialised interventions. By working closely with our clients, we come up with the best fit solutions to ensure added value for our clients' organizations.

## Why UNISO Consultancy and Training

- With our eye on a common future and sharing the pleasure of success together as partners, we are honest and passionate in our training and consulting work as we seek our clients' needs for change.
- We are a diverse collective of professionals interested in creating cutting edge solutions for our clients as well as challenging, fulfilling work for ourselves. We love what we do and we do it within a supportive professional community.
- We endeavour to meet our client's needs with the highest standards of integrity and quality.
- We believe that work is best accomplished when no one is left to struggle alone. We prefer to work in an organization where efficiency is gained by individuals doing what they do best and clients can benefit from our collective wisdom and experience.
- We are curious, avid learners who continuously strive to improve our personal expertise and collective performance by teaching one another, learning from our clients and seeking out perspectives that will influence and broaden us.
- We communicate with one another and with clients using grounded assessments and thought provoking questions; we check our assumptions and remain aware of the power of our words.
